

Date: _____

Dear Store Manager,

Please consider carrying All-Natural **FaVe™** 100% Fruit and Vegetable juice. FaVe is 100% fruit and vegetable juice with some benefits that have never before been available to juice drinkers:

- Three full daily servings of vegetables per 8-ounce glass
- Only 60 calories per 8 ounces
- No artificial ingredients and no added sweeteners
- Three delicious fruit flavors in 46-oz. recyclable PET bottles; SRP is \$3.99.

There is no other juice available in the store that gives us all these benefits! FaVe is a small company, but they are capable of delivering their products anywhere.

As a regular shopper in your store, I would really like to see you carry this delicious and healthy juice. You can get more information on the product line by contacting The FaVe Juice Company at sales@favejuice.com.

Thank you for your consideration.
