

Fave

For my review I received 3 Fave Juices my flavors I got were Pomegranate Blueberry Goji, Orange Tangerine Pineapple & Strawberry Banana Kiwi. You can find the flavors that I listed ([here](#)). I absolutely love these juices. Did you know that they have 3 full servings of Vegetables? Yup that's right. I couldn't believe it & when I actually tried them you could barely tell. It just tasted like any ordinary fruit juice. Fave contains 100% fruit and vegetable juices, also contains no artificial ingredients of any type, and I love how it has no added sugar. What a great drink for anyone even your kids.

I can't pick a favorite because I loved them all they were so delicious & a great taste.

Tara

All Fave is bottled in the USA, but we source our juices from both the USA and around the world. Our priority is bringing you the freshest, most delicious juice of the highest quality. We are lucky because if there is bad weather or a poor harvest on one farm or in one region, our experts can get great juices for us from another region that is not affected...read more about Fave [click here](#)
